## What adventures do you have throughout the day?

### Reading

In Reading we read a book titled Bunny Day by Rick Walton and Paige Miglio. The book is about a bunny family and how they go about their day. We have been working on the sequence of a story. In bunny day first, the bunnies eat breakfast. Next, they do some chores. Last, they have a picnic lunch. We have also been talking about chores we have at school and at home.

### Religion

In Religion we have a new memory verse that comes from Genesis, the first book of the Bible. "In the beginning God created the heavens and the earth." Genesis 1:1 We also talked about who wrote the book of Genesis, feel free to ask them. During this time of year, while we are talking about how God created everything, we are also talking about our new lives with Christ and reflecting during this Lenten season upon everything Jesus has done for us!

God's blessings as we think about Christ,

Please turn in the conference input slips sent home this week with your child by Monday, March 8th. Thank-you!

### Kindergarten Connections

Hello Families!

We have been very busy this week celebrating Dr. Seuss, charting the weather to see if March comes in like a lion and goes out like a lamb, (So far, thankfully, it has come in like a lamb!), and working on our individual books. These are so cute! I can't wait for you to enjoy them!

Have a great weekend!

Mrs. Heid

### Young Olympians!

During recess the last 2 weeks, your children competed in many exciting Olympic Events with Miss Julian! I am proud to announce that we took gold in all competitions!

### Young Chefs

**" Would you eat them  
in a box? Would you  
eat them with a fox?"**

Yes! We love green eggs and ham! ( As long as they are sugar cookies with green frosting!) To celebrate the birthday of Dr. Seuss, we ate blue goo, pink ink, and enjoyed green eggs!
