

# News From Room 122

Here's what we have been doing in 2nd Grade!

## Language Arts

The second graders have been busy this week working on their book trailers! They wrote a summary of the story, typed the summary, and picked pictures. Next week they will begin putting the pictures into a presentation to make the book trailer. These book trailers will be running during STEAM night! I hope you will be able to come and see all the work the second graders have put into their projects.

## Science

We are almost done with our unit on energy. We learned about 3 different ways that heat is transferred- radiation, conduction, and convection. We learned that dark objects absorb more heat energy than light objects. We experienced this when we were outside on those cold sunny days! The white snow reflected the light and the darker colored jackets absorbed the heat. We will review the unit and take the test next week.

## Math

We have been working on subtraction facts -1 to -5. We talked about how knowing our addition facts can help us with our subtraction facts. Please continue to work on math facts at home. The more they practice the facts the more confident they will be as we continue to learn new things in math.

## History

We took our test on Ancient Greece and had fun ending our unit by having a "Second Grade Olympics". Take a look at the back of the newsletter for some fun pictures from our Olympics.

2018-2019 School Verse

Since we live by the Spirit, let us keep in step with the Spirit.

Galatians 5:25

## Jesus Time

We are almost done with our unit on the miracles of Jesus. Through these miracles, God showed Jesus' power. Jesus' miracles prove that God is real, and that He has the power to change lives. This same power can work in the lives of the people in your family. Because of sin, we experience tragedy, pain, and hopelessness. We sometimes doubt that God can help us overcome our problems. But God is powerful, and He loves us. He showed His great love by sending His Son to be our Savior. Through Him, we can be sure that whatever befalls us, He will be with us now and forever.

## Upcoming Memory

March 15

[Jesus said,] "All things are possible for one who believes." Mark 9:23

March 22

Sing to the Lord, bless His name; tell of His salvation from day to day.

Psalm 96:2

March 29

The Lord is good to all, and His mercy is over all that He has made.

Psalm 145:9

## Mark Your Calendars!

- March 16 the students are singing at Lamplight at 5:00 followed by the PTL Roller Skating Party at Great Skate.
- March 21 is STEAM night at 6:30.
- March 29 is the end of the 3rd quarter.
- April 1-5 is Spring Break
